- Git & Github, ThreeJs, NPM

## Personal Summary

I graduated last year with a BCA degree from Vivekanda Mahavidyalaya. I have done 5 months of Internship in Think Again Lab and now I am working as a Frontend developer there. I work mostly with Frontend Frameworks Like React and NextJs. I have developed a few projects myself also. I am looking forward to learning more and building a prosperous career in this field.

## Work Experience

Feb, 2022 - Present

### Frontend Research Developer at Think Again Lab

- Maintained good coding standard and implemented various software solutions based on client requirements.
- Fixed major bugs for bussiness applications.
- Taught React Development to student interns.
